SIMMONS CELEBRATES 85 YEARS OF FLAGSHIP BRAND, BEAUTYREST® WITH ITS ALL-NEW REDESIGNED BEAUTYREST®, SET TO WOW CONSUMERS.

Simmons also showcases Beautyrest® Super Pocketed Coil® springs and debuts a broad range of feel and comfort with its comfort and aesthetic advancements through BeautyStyle™ and BeautyFeel™

30 October 2010

Y2010 is the year Simmons celebrates the 85th anniversary of its flagship Beautyrest® brand. In conjunction with the celebration, Simmons completely redesigned the Beautyrest® mattress to give it a stunning new look that is set to wow consumers when they set eyes on it. As Mr. Casey Teh, Director of Simmons (SEA) Pte Ltd puts it, "The new Beautyrest® 2010 is truly refreshing in its look. We are confident consumers will be wow by its design as much as we are."

The new Beautyrest® 2010 mattress offers individually encased Beautyrest® Super Pocketed Coil® springs featuring new BeautyPlush™, BeautyFirm™ and BeautyLuxeFirm™ comfort choices for unsurpassed motion separation, conformability, support and durability. The new construction designs offer unique BeautyFeel™ comfort allowing Beautyrest® 2010 to offer the broadest range of unique feels in the industry. "With more comfort choices, consumers will have more options to choose within the Beautyrest® range," added Mr. Teh. In addition, the Beautyrest® 2010 new BeautyStyle™ aesthetics feature luxurious fabrics and enhanced visual appeal that is stunningly exciting and refreshing and the first-of-its-kind in the local mattress industry.

From firm to plush, tight top to pillow top, the new Beautyrest® 2010 mattress collection offers consumers a full range of values and technologies. Using unique types of comfort layers and support foams, every mattress is scientifically engineered to enhance the inherent qualities of Beautyrest® Super Pocketed Coil® springs. BeautyStyle™ mattress aesthetics create eye-catching consumer appeal, while BeautyFeel™ provides consumers with the unique comfort that comes from sleeping on a new Beautyrest® mattress.

"The new Beautyrest® 2010 is carefully designed by Simmons USA to leverage the hallmarks of the brand, which include unparalleled motion separation, durability, conformability and support, while enhancing a consumer's sleep experience through BeautyFeel™ comfort. The combination of performance benefits from the Beautyrest® Super Pocketed Coil® springs, consumer-driven style and the broadest range of comfort choices in our 85-year history allows Simmons to say 'It's not just sleep, it's Beautyrest™'," reiterated Mr. Teh.

Simmons is promoting the new Beautyrest® 2010 with significant marketing support, including tvc advertising from mid-October onwards on TV 5 followed by TV 8 via sponsorship of Desperate Housewives 6 and Home Makeover respectively. An array of patent-pending point-of-sale materials, online and edm promotions and public relations activities are included in the plan for creating the hype. The new tagline, "It's not just sleep, it's Beautyrest™" will roll out across all communications platforms.

The new Beautyrest® 2010 is available in Singapore in two categories namely:

85 Years of Beautyrest® Heritage and Innovation

Beautyrest® Pocketed Coil® springs are an innovation first mass-produced by Simmons in 1925. Unlike wire-tied springs in ordinary mattresses, Beautyrest® Pocketed Coil® springs are not joined at the top or bottom. Instead, high carbon steel springs are pre-compressed and placed in durable, non-allergenic fabric encasements. This design allows the Beautyrest® Pocketed Coil® springs to adjust individually to the weight and contour of the body. Since adjacent springs aren't tied together, there's no chain reaction of movement when turning or moving during the night.

Simmons' history dates back to its 1870 founding in Kenosha, Wis., and materials from the company are part of the advertising collections at the Smithsonian's National Museum of American History in Washington, D.C. Advertising campaigns for Beautyrest® throughout the 1920's featured notables such as Eleanor Roosevelt, Henry Ford, H.G. Wells and Thomas Edison to name a few.
